ABOUT ME

I am a Computer Science student with a strong foundation in software development, web technologies, and creative digital media. My technical strengths include WordPress development, Java GUI applications, graphic design, and video editing. I am highly motivated, detail-oriented, and focused on delivering user-centric solutions through clean design and efficient code. I thrive in fast-paced environments and am always eager to learn and take on new challenges in the tech field.

MANAGEMENT AND LEADERSHIP SKILLS

Management Experience

- Led teams in national scout camps (e.g., Comdeca, Regional Assemblies), managing logistics, safety, and coordination
- Organized tech and cultural events including debates, quizzes, chess tournaments, and programming workshops
- Actively managed student activities in Computer Club and Shuvosangho, focusing on digital literacy and community service

ORGANISATIONAL SKILLS

Cultural club Activities

- I organized many cultural competitions through my club, such as debate competitions, film screenings, chess tournaments, and quiz competitions.
- I was a member of the main committee of my school's cultural club.
- Through these activities, I developed leadership skills, teamwork, communication skills, management skills, public speaking skills, and presentation skills.
- Additionally, I also learned leadership and management skills through my participation in the computer club, debating club, and social development club.
